- IP Restriction Mode
- Max Students Limit
- Max Tutors Limit
- AI Token Limit

Step 5: Billing

5.2 Institute Detailed View

Tabs:

1. Overview
 2. Students
 3. Tutors
 4. Courses
 5. AI Usage
 6. Revenue
 7. Security
 - Allowed IPs
 - Login attempts
 8. Activity Logs
-

6. GLOBAL COURSE (CMS)

Institutes can:

- Use Master Content
- Clone
- Customize

Super Admin can:

- Lock content
- Push updates to all institutes

- Control content visibility
-

6.1 Content Version Control

- Version history
 - Publish globally
 - Publish to selected institutes
-

7. AI CONTROL CENTER

7.1 AI Dashboard

- Total token usage
 - Institute-wise token usage
 - Direct student usage
 - Cost estimation graph
-

7.2 Institute AI Limit Control

Per institute:

- Monthly token cap
 - Auto disable on limit / Manual
 - Alert before limit
-

7.3 AI Session Logs

- Student name
 - Duration
 - Tokens consumed
 - Performance score
-

8. LIVE CLASS GLOBAL CONTROL

8.1 All Live Sessions Screen

- Institute filter
 - Tutor filter
 - Date filter
 - Status (Completed / Ongoing / Cancelled)
-

8.2 Observer Mode

Super Admin can:

- Join any live class
 - Download attendance
 - View recording link
