STUDENT PORTAL

Complete End-to-End UX Flow

STUDENT AUTHENTICATION FLOW

1.1 Student Signup

Fields:

- Full Name
- Email
- Mobile Number
- Password

Optional:

- Referral code
- Institute code (if joining through institute)

Verification:

- Email OTP
 - Mobile OTP
-

1.2 Login

Fields:

- Email / Mobile
- Password
- OTP (optional)

Security:

- Device tracking
 - Login history
 - Session timeout
-

1.3 First-Time Setup

Steps:

1. Select Learning Goal

- Academic
- Business English
- Travel English

2. Level Selection

- Beginner
- Intermediate
- Advanced

3. Baseline Skill Assessment (optional)

2. STUDENT DASHBOARD

2.1 Welcome Section

Displays:

- Welcome message
- Learning streak
- Resume learning button

Example:

“Continue Lesson: Speaking Practice – Lesson 3”

2.2 Overview Cards

Cards:

- Enrolled Courses
 - Next Live Class
 - AI Practice Sessions
 - Completed Lessons
 - Progress %
-

2.3 Learning Progress Visualization

Charts:

LSRW Progress Graph

Listening

Speaking

Reading

Writing

Circular progress indicators.

2.4 Quick Actions

Buttons:

- Continue Learning
 - Practice with AI Tutor
 - Join Live Class
 - Take Assessment
-

2.5 Notifications Panel

Examples:

- Live class reminder
 - New assignment
 - Course update
 - AI practice reminder
-

3. COURSE LEARNING FLOW

3.1 Course Structure

Course

- Modules
- Lessons
- Activities

Example:

English Level 1

- Listening
 - Speaking
 - Reading
 - Writing
-

3.2 Lesson Player Screen

Layout:

Left side:

Lesson content

Right side:

- Lesson progress
- Notes section
- AI help button

Bottom:

- Previous lesson

- Next lesson
 - Mark as complete
-

4. LISTENING MODULE

4.1 Listening Lesson Screen

UI elements:

Audio Player

Controls:

- Play / Pause
- Speed control (0.5x – 1.5x)
- Replay

Additional:

- Transcript toggle
 - Vocabulary highlights
-

4.2 Listening Exercises

Examples:

- Multiple choice questions
 - Fill in the blanks
 - Sentence ordering
-

4.3 Feedback

Student receives:

- Score
 - Correct answers
 - Explanation
-

5. SPEAKING MODULE (AI POWERED)

5.1 Speaking Exercise Flow

Step 1

Prompt displayed

Example:

“Describe your favorite hobby.”

Step 2

Student clicks **Start Recording**

Step 3

Speech recorded

Waveform visualization.

Step 4

AI analysis

AI evaluates:

- Pronunciation
 - Fluency
 - Intonation
 - Grammar
-

5.2 AI Speaking Result Screen

Displays:

Score Meter

Pronunciation Score

Fluency Score

Visual feedback:

Highlighted incorrect pronunciation.

Example:

Word: “development”

AI correction suggestion.

Improvement tips:

- Practice difficult words
 - Slow down speaking speed
-

6. AI TUTOR CHAT

6.1 AI Tutor Chat Screen

UI resembles chat interface.

Features:

- Text chat
- Voice conversation
- Topic selection

Examples:

- Job interview
- Daily conversation

6.2 Conversation Flow

Student asks question

AI responds

AI provides:

- corrections
 - grammar suggestions
 - vocabulary improvements
-

6.3 Session Summary

At end of session:

AI provides report:

- conversation score
 - grammar accuracy
 - fluency rating
-

7. READING MODULE

Improves comprehension.

7.1 Reading Lesson Screen

Displays:

- Reading passage
- Vocabulary highlights

Tools:

- Highlight text
 - Bookmark sentences
 - Dictionary lookup
-

7.2 Reading Questions

Examples:

- Multiple choice
 - True/False
 - Short answer
-

7.3 Instant Feedback

Displays:

- Correct answers
 - Explanation
 - Reading score
-

8. WRITING MODULE

Students practice writing skills.

8.1 Writing Task Screen

Example prompt:

“Write a short paragraph about your daily routine.”

UI includes:

Text Editor

Features:

- word count
 - spell check
 - grammar suggestions
-

8.2 AI Writing Evaluation

AI checks:

- grammar
 - sentence structure
 - clarity
-

8.3 Feedback Screen

Displays:

Writing Score

Sections:

- Grammar
- Vocabulary
- Clarity

AI suggestions:

Improved sentence examples.

9. ASSESSMENTS

9.1 Assessment Types

- Practice quizzes
 - Module exams
 - Final course tests
-

9.2 Assessment Screen

Features:

Timer

Question navigation

Section tabs:

Listening

Speaking

Reading

Writing

9.3 Auto Submit

If timer ends, system auto submits.

9.4 Results Screen

Displays:

- Total Score
- Skill-wise performance

Example:

Listening — 80%

Speaking — 75%

Reading — 90%

Writing — 70%

10. LIVE CLASS SECTION

10.1 Upcoming Classes

List view:

- Date
 - Time
 - Tutor
 - Topic
-

10.2 Join Class

Button:

Join Google Meet

10.3 Class Details

Displays:

- meeting link
 - tutor
 - lesson topic
-

10.4 Attendance

System automatically marks attendance.

10.5 Recording Access

If recording uploaded:

Student can replay.

11. ASSIGNMENTS

11.1 Assignment List

Columns:

- title
 - deadline
 - status
-

11.2 Submission

Student can upload:

- text
 - file
 - audio recording
-

11.3 Feedback

Tutor evaluation visible:

- score
 - comments
-

12. CERTIFICATES

12.1 Certificate Screen

Displays:

- student name
- course
- completion date

Options:

- Download PDF
- Share on LinkedIn

13. SUBSCRIPTION & PAYMENTS

13.1 Current Plan

Displays:

- plan name
- expiry date
- features

13.2 Upgrade Plan

Student can upgrade.

13.3 Payment History

Table:

- invoice number
- amount
- date
- status

14. NOTIFICATION

Alerts include:

- live class reminders
- assignment deadlines
- payment alerts
- AI practice reminders

15. PROFILE & SETTINGS

Student account settings.

15.1 Profile

Fields:

- name
 - email
 - profile photo
-

15.2 Learning Preferences

Options:

- preferred language
 - learning goals
-

15.3 Security

- change password
 - login devices
 - logout all sessions
-
